Involved doctoral researchers

Please indicate at least one doctoral researcher and her/his field of research, who will work together with the visiting doctoral researcher. The doctoral researcher(s) are supposed to be the contact person (buddy) in Bochum, Dortmund or Duisburg/Essen. Research Academy Ruhr aims at involving doctoral researchers as much as possible in order to broaden their network.

2. Research Area

Please give a short overview of your research so potential candidates know if they fit the research profile of the institute and what the institute is working on. The visiting researchers will not be present at your institute for the whole time between 16th June and 29th June, but rather four days a week. Research Academy Ruhr will organize some activities on the other days. (max. 1200 words).

3. Candidate Profile

Please give a short description of your perfect candidate, so that she/he will know if he/she has the right skills to join your group for two weeks in June 2018. (max. 1,200 words).

4. Link

Please include a link to your institute, chair or research group.
