

# *On your way to a professorship?*

## Info sessions with experts, short workshops and coaching

for habilitation candidates, research group  
leaders, and junior professors of the  
University Alliance Ruhr

# Offer for the Junior Faculty Career Goal Professorship

This program is designed for advanced researchers (Junior Faculty) of all disciplines of Ruhr-Universität Bochum, TU Dortmund University, and the University of Duisburg-Essen, who are leading their own research group, holding a Juniorprofessur, are currently working on or have recently completed their habilitation.

You have already gained experience in various fields in your current position: you know what it means to set up and manage a research group. You have already written one or the other research proposal and successfully raised funds. You are becoming more and more familiar with committees and university structures supporting and accompanying you. One of your next major challenges will likely be the appointment procedure for a professorship.

With our offer we would like to support you in your current career phase but also prepare you for your next career steps. The opportunity to network (academically) in your own UA Ruhr peer group offers additional added value.

We offer short info sessions with experts on the topic of appointment as well as short workshops on the topics of leadership and supervision. We also support the preparation for an appointment through individual one-to-one coaching sessions.

Members of the Junior Faculty can take advantage of a one-off individual coaching session on the topic of appointment (duration 1 hour). Please send a brief description of your coaching needs to the following e-mail address: [ursula.justus@rs.rub.de](mailto:ursula.justus@rs.rub.de)
