Bayer AG

The Bayer AG offers opportunities for Postocs from all disciplines to join the company. What these look like, what is expected of applicants with a doctorate, which competencies play a role in addition to the professional ones and what applicants with a doctorate should look out for when entering "the world of business" are just some of the questions that will be explored in this round.

In this session you will receive insights into the entry and development opportunities at Bayer.

Bayer is a global enterprise with core competencies in the life science fields of healthcare and nutrition. We design our products and services to help people and planet thrive by supporting efforts to address the unprecedented global challenges presented by a growing and aging global population.
