

Program for Postdoctoral Researchers

Workshops & Events Winter Semester 2023/24

Developing an Individual Academic Profile

Offers for Postdoctoral Researchers

After completing your doctorate, it is important to set the course for your future career path within or outside of university research.

Ruhr-Universität Bochum (RUB), TU Dortmund University (TU Dortmund) and the University of Duisburg-Essen (UDE) jointly support you on this path as a postdoctoral researcher within the University Alliance Ruhr (UA Ruhr).

Our cross-university workshops as well as career and networking events under the umbrella of the Research Academy Ruhr (RAR) help you strengthen your research and management skills, shape individual career goals and network and exchange ideas with experts and other researchers. All offers in our postdoc program serve to develop strategies for action and expand your academic profile.

About Research Academy Ruhr

The RAR is the cross-university platform for promoting early career researchers within the UA Ruhr. RUB Research School, the Graduate Center of TU Dortmund and Graduate Center Plus at UDE join forces to offer advanced Master's students, doctoral and postdoctoral researchers as well as Junior Faculty manifold qualification and guidance programs.

Workshops for Postdoctoral Researchers

Winter Semester 2023/24

The workshops will be held in English or German and take place mostly as online courses via Zoom, some in person at one of the three UA Ruhr universities. The course titles indicate the language of instruction. You can choose freely from all the workshops on offer and put them together individually according to your needs. The places per workshop are limited, a timely registration is required.

Career in Academia and Beyond	Date	Register by
